

WHAT IS SURFACE BID?

Surface Bid is a cloud-based tool built specifically for metal roofing fabricators. Just enter an address — Surface Bid automatically pulls measurement data so your team can select materials and generate accurate, professional quotes in minutes. New project where all you have is a plan set? No problem, Surface Bid handles those too for the same price.

HOW IT WORKS

STEP 1

Enter an address — or upload a plan set. No manual measurements needed

STEP 2

Surface Bid processes the roof and pulls measurement data automatically

STEP 3

Select your desired materials and generate a complete, accurate bid

Close the job while they're waiting on the competition's bid.

PRICING

Priced per bid. Volume discounts apply automatically — no renegotiation required. One price, everything included.

Monthly Volume	Price per Bid
1 – 100 bids	\$99
101 – 250 bids	\$79
251+ bids	\$59

* Commercial/large-footprint reports billed at cost, no markup.

Monthly Volume	Avg Cost/Bid
50 bids	\$99.00
150 bids	\$92.33
250 bids	\$87.00
500 bids	\$73.00
1,000 bids	\$66.00
1,500 bids	\$63.67
2,000 bids	\$62.50

Volume combined across all locations. Pricing tier is based on jobs submitted per calendar month — your count resets back to zero on the 1st.

Bring your Own Report (RoofScope integration or .XML Upload: \$65

Bring your own report does NOT count toward the above pricing tiers.

WHAT'S INCLUDED

- Measurement report via leading aerial providers
- Full CPQ — configure, price, and quote
- Panel layouts, material lists, exact-piece pricing
- 8 hrs personalized onboarding + catalog setup
- Ongoing support from people who know the product
- Already on SmartBuild? Familiar UI — minimal training curve

Implementation: Onboarding included. ERP/system integrations scoped at fixed cost if needed.

NETWORK & MULTI-LOCATION PRICING

Manage a builder network? Consolidate all volume under one account. Getting more builders onboard doesn't just grow your network — it makes every bid cheaper. And when builders win more jobs through your network, you're not just a supplier — you're a competitive advantage.
